Medical Adhesive

- Medical-grade silicone adhesive is unaffected by moisture
- Can be used on sensitive skin and allows skin to breathe
- Remains flexible and comfortable and provides a secure and reliable seal
- Easy-to-use spray allows application directly to appliance prior to application to skin

M

CIN	Mfr. No.	Description	Size	Qty.
3278199	7730	Adhesive	3.2 oz.	1/ea

HCPCS Code: A4364

Hollister
Adapt™ Paste

- Used to caulk and fill skin crevices to improve the fit of a skin barrier
- Low-alcohol paste helps to minimize stinging

M

CIN	Mfr. No.	Description	Size	Qty.
3406469	79300	Paste	2 oz.	1/ea

HCPCS Code: A4406

Hollister
Adapt™ Stoma Powder

- Protects raw and weeping skin by creating a sticky gel
- Use sparingly to absorb moisture or exudate from skin prior to placing a skin barrier on peristomal skin
- Convenient to use; squeeze bottle allows aeration of powder onto skin; bottle has window for visualizing contents

M

CIN	Mfr. No.	Description	Size	Qty.
2982098	7906	Powder	1 oz.	1/ea

HCPCS Code: A4371

Hollister
Adapt™ CeraRing Barrier Ring

- Infused with ceramides to help protect the skin's natural moisture barrier to help prevent water loss that may lead to damage and dryness
- Convenient, individually packaged transparent trays
- Not made with natural rubber latex

CIN	Mfr. No.	Description	Width	Qty.
5685318	8815	2 in.	2.3 mm	10/ct
5685300	8805	2 in.	4.5 mm	10/ct

Hollister
Adapt™ Convex Barrier Ring

- Can be cut, bent and stacked together to improve the fit of the skin barrier
- Used to adjust skin barrier thickness for deeper convexity
- Used to create a custom fit, including oval-shaped convexity

M

CIN	Mfr. No.	Description	Size	Qty.

New Image CeraPlus™ Convex Skin Barrier Cut-to-Fit with Floating Flange

- The CeraPlus skin barrier with Remois technology* is infused with ceramide. Ceramide is a natural component of human skin that helps to decrease transepidermal water loss (TEWL) from damaged or eroded skin
- Tape border
- Cut-to-fit
- Not made with natural rubber latex

*The Hollister CeraPlus skin barrier utilizes Remois technology from Alcare. The proprietary technology infuses ceramide, an element that is naturally found in the skin, into the Hollister skin barrier. Ceramide's role is to help protect and maintain the skin's natural moisture barrier. Abundant levels of ceramide are associated with healthy, hydrated skin.
